5.3 A player making a flagrant physical contact with an opposing player without any attempt made for the ball, or with the intent to injure will be immediately thrown out of the game.  - 7.1.2 A ball carrier intentionally kneels in the goal area.
 - 7.1.3 The kicking team touches the ball on a punt / kickoff (no on-side kicks) provided it does not interfere with a potential receiver (kicking team must give 3-yards). The receiving team will take possession where the ball was touched / downed by the kicking team.
 - 7.1.3.1 Any violation of Rule 7.1.3 will result in the receiving team having the option of forcing the kicking team to re-kick from 15 yards back from their original line of scrimmage.
 - 7.1.4 The ball rolls out of bounds.
- 7.2 Ball carriers in contact with the ground may get up and advance ball until touched.
- 7.3 Goal posts are out of play at all times (whether on a pass / lateral / kickoff / punt).
 - 7.3.1 When passing - play is dead (similar to an incomplete forward pass).
 - 7.3.2 On a lateral - a safety is awarded to the defensive team.
 - 7.3.3 On a kickoff - the ball is placed on the receiving team's 20-yard line, and NO point is awarded.
 - 7.3.4 On a punt - the ball is placed at the receiving team's 20-yard line, and NO point is awarded.
 - 7.3.5 On a punt from the kicking-team's end zone - a safety is awarded to the receiving team, and the kicking team must kickoff or punt from their respective 20-yard line.
- 7.4 One foot is required to remain in the field of play for a valid catch.
- 7.5 "Simultaneous Possession" occurs when a completed pass is caught simultaneously by two opposing players. The player whose team was in possession of the ball prior to the pass shall retain possession of the ball ("tie goes to the offensive player").
- 7.6 A player must be a minimum of five yards from the sidelines within the field of play to be an eligible receiver at the commencement of a play.

- 7.7 For a score to be counted, both the ball and the player must cross the plane of the goal line prior to being touched.
- 7.8 A kickoff which travels out of bounds without an opposing player touching it is dead. The receiving team has the option of taking the ball at the point it went out of bounds, or having the kicking team re-kick 10 yards back from the original kicking point.
- 7.9 A player cannot leave the field of play during a play and return to be an eligible receiver. Once a player leaves the field of play under his own power, he is ineligible.
- 7.10 A ball punted into the end zone may be punted out and no point awarded if:
- 7.10.1 The ball has not been touched by the opposition.
 - 7.10.2 The player attempting to punt the ball out is not touched prior to punting the ball out.
 - 7.10.3 The ball travels out of the end zone prior to being touched by the original kicking team.
- 7.11 A lateral pass or pitch, either under or overhand is allowed provided the receiving player is behind the point of the original lateral when he receives the ball.
- 7.12 If a legal lateral or pitch is intercepted by an opposing player, it can be advanced by the intercepting team.
- 7.13 After an illegible lateral / pitch (forward pass), the ball is marked at the point of last possession.
- 7.14 When the defense commits pass interference in the end-zone on a convert attempt, the convert will be awarded to the offence.
- 7.15 On a bobbled pass, if the player is touched after tipping the ball, prior to catching it, the pass is considered completed and the player is considered touched.
- 7.16 Any offensive player who goes out of bounds to elude a defender is no longer eligible for that offensive play. Any pass caught by that receiver is considered incomplete.
- 7.17 If at any time during a play, an offensive player makes contact with the goal posts intentionally / un-intentionally, the play is automatically dead and a loss of down is the result.
- 7.18 When a player is receiving a punt or kickoff, the kicking team must allow a minimum of 3 yards for a player to make a clear, uninterrupted catch.
- 7.19 Obstruction.
- 7.19.1 Players are not permitted to block or obstruct an opponent's direct path to the ball carrier. Contact does not have to occur for this penalty to be called. Players are permitted to take a stationary position in order to avoid being called for this penalty, providing it is taken in sufficient time to allow the opponent to adjust to it (i.e. cannot stop directly in the path of a defender thereby obstructing his path to the ball carrier).
 - 7.19.2 This is not the case for the rusher, as all offensive players must provide for an unimpeded path for any legal rusher or they will be penalized for obstruction.

7.19.3 Defensive players may not line up in a manner that where close to the line of scrimmage, the result of an offensive player beginning his route will result in contact (no “bump and run”). Any defensive player intentionally obstructing the route of a receiver shall be called for pass interference. If any defensive player repeats this offense, the player shall be ejected from the game.

- 7.20 Once any ball carrier crosses the line of scrimmage, they may not retreat back to their own / initial side of the line of scrimmage to become “on side” to throw a pass. A ball carrier who has crossed the line of scrimmage may lateral the ball to another player who may be on the offensive team’s side of the line of scrimmage (on side), but that receiving player may not throw a forward pass as the ball has already crossed the line of scrimmage.
- 7.21 Mercy Rule. If at any time a team is facing a deficit of 17 points or more, the team currently losing the game shall have the option to terminate the game at any time following the 17 point or more deficit.

8. Putting Ball in Play

- 8.1 All players are eligible receivers.
- 8.2 To commence any play, the ball must be snapped in a manner where the ball’s starting position is touching the ground and/or below the knee of the player snapping the ball.
- 8.2.1 If the ball is snapped in an overhand / side-arm motion, the play is dead and the down is lost.
- 8.3 Before the snap of the ball, the defensive player intending on rushing the quarterback (“the Rusher”) must line up at least 10 yards from the line of scrimmage and at least one yard away from the offensive player snapping the ball prior to the start of any offensive play.
- 8.3.1 No offensive player may line up in front of the Rusher either on or behind the line of scrimmage.
- 8.3.2 All offensive receivers must be at least one yard away from the Rusher on either side, and may not run a route across the Rusher’s path. If an offensive player runs a route in front of the Rusher at any time – the play is dead, and the down is lost.
- 8.3.3 If the ball is placed 5 yards (or less) from the defensive team’s goal or mid-field line, the rusher must still line up at least 10 yards from the line of scrimmage. The quarterback is not eligible to advance the ball on the ground without first passing it (forward or laterally), or handing off to another player. The quarterback is deemed the first player to touch the ball after it is snapped, regardless of where that player lines up.
- 8.4 Rule 8.2 with regards to the line-up of offensive players with respect to the Rusher applies in punting situations as well.
- 8.5 If the offensive team wishes to kick, they must inform their opponents at all times prior to kicking.
- 8.6 Start of game: winner of coin toss has choice of either end of field to defend, or when to receive the kickoff. The starting situation is reversed at the beginning of the second half.

- 8.7 Kickoff is from the 30-yard line. Kicking team members must line up five yards behind the ball, and not run past the line of scrimmage until the ball is kicked. The ball may be:
- 8.7.1.1 Kicked from a tee.
 - 8.7.1.2 Kicked by a person holding the ball on the ground.
 - 8.7.1.3 Drop Kicked - ball must come in contact with the ground.
- 8.8 The ball is considered “live” to the offense / return team only when the ball hits the ground:
- 8.8.1 If returning a kick / punt and the receiving player drops the ball or has it deflect off his body within his immediate reach, or the ball is deflected laterally or behind the receiving player;
 - 8.8.1.1 If the ball deflects forward out of the immediate reach of a receiving player, the play is considered dead as the ball may not be advanced forward by a receiving team/player as a result of a deflection.
 - 8.8.2 If the quarterback misses a snap;
 - 8.8.3 The defense may down the ball by touching it, but may not gain possession of a ball on the ground at any time.
 - 8.8.4 Rule 8.8 applies even when the returning team blocks a punt. The rusher(s) who may have made contact with the ball in the blocking of a punt are NOT eligible to pick up the ball and advance it. After a rusher blocks a punt, the play is ruled dead once the ball hits the ground and the new line of scrimmage shall be the location where the punter was attempting to kick from at the time of the block.
 - 8.8.4.1 If the ball is in the air after being blocked, a rusher may catch the ball in the air and advance it.
 - 8.8.4.2 If the ball is in the air after being blocked, the kicker may catch the ball and proceed to attempt to kick the ball again if the kicker has not been touched while in possession of the ball.
 - 8.8.5 ANY contact with a punter below the punter’s waist shall result in the down being replayed, and the ball being advanced 10 yards.
 - 8.8.5.1 If the 10-yard advancement results in a team crossing mid-field, the punting team shall be awarded a first down.
 - 8.8.5.2 If the 10-yard advancement results in a team crossing the defending team’s goal line, the kicking team shall have the option to advance the ball to the goal line and replay the down, or replay the down from the previous line of scrimmage.

9. Change of Possession

- 9.1 Possession of the football can be turned over by:
- 9.1.1 A punt or kickoff;
 - 9.1.1.1 For a ball to be considered a “legal” punt, it must be deliberately dropped from a player’s possession, and then kicked with the foot or leg before the ball touches the ground.

- 9.1.1.2 If a player accidentally or deliberately kicks the ball with his foot or leg without having possession / control of the ball in hand, the ball in motion is to be considered an onside (lateral) or offside (illegal forward) pass depending on its direction and shall remain live until the ball strikes the ground.
- 9.1.1.3 A “quick-kick” is considered a valid punt play – and occurs when the receiving team decides to kick the ball upon catching the initial punt (often to avoid having a Rouge scored against them near the end of a half). If a receiving team chooses to perform a “quick-kick”, giving up possession of the ball back to the original kicking team, who will have a new set of downs with time permitting.
- 9.1.2 An interception as the result of a forward or lateral pass;
 - 9.1.2.1 An interception made in the defensive end-zone by a defender does NOT result in a point scored if the intercepting player is tagged or leaves the area of play before exiting his / her own end-zone.
 - 9.1.2.2 Interception in the defending team's end zone: if ball carrier is touched, the ball will be put into play from the 20-yard line. NO point is scored.
- 9.1.3 Loss of downs.

10. Overtime

- 10.1 Overtime rules only take effect during the playoffs or when a definitive winner is required (tie-breaker game, tournament finals, etc.).
- 10.2 Phase I of overtime shall consist of two 15-minute halves with the teams reverting to the original kicking and receiving format as occurred at the beginning of that respective game.
 - 10.2.1 The full 30 minutes (both halves) shall be played to determine a total score winner, unless one team concedes at some point during the contest (lopsided score, etc).
- 10.3 If a winner has not been determined after Phase I of overtime, then the sudden-death Phase II overtime shall be implemented as follows:
 - 10.3.1 The two captains will have a new coin toss.
 - 10.3.2 The winner of the coin toss will have the choice of kicking or receiving; or shall choose an end-zone to defend.
 - 10.3.3 Both teams will begin play and continue defending the same end-zones until one team successfully scores.
 - 10.3.4 The first team to score a point through any of the standard scoring methods shall be declared the winner.

11. Defaults

- 11.1 A team is **no longer** permitted a 10 minute grace period from the scheduled start time of their game. If a minimum of five players cannot be fielded **at the scheduled start-time of the game**, the game must be forfeited in favour of the team that has five or more players.
- 11.2 Team captains are responsible for their teams. If a captain cannot field a team, the opposing captain is to be contacted prior to the commencement of the scheduled game, as soon as possible.
- 11.3 If any team should forfeit 3 regular season games, they will be ineligible to participate in the Playoffs.
- 11.4 A default win is recorded as a **14-0** win with the league statistician.

12. League Standings

- 12.1 Teams must call or email scores of all games to the league statistician to be recorded and published in local newspapers. It is the responsibility of the winning team to phone / email the score of the game to the league's designated statistician.
- 12.2 A tie in points among teams in the final league standings will be resolved by one of the following tie-breaking methods until the tie has been broken (following the order of precedence below):
 - 12.2.1 Number of overall wins throughout the season.
 - 12.2.2 Record between the teams in head-to-head games.
 - 12.2.3 Point spread (+ / -) in head-to-head games.
 - 12.2.4 Overall point spread (+ / -) of teams in total league games.
